WHO WE ARE

Belshaw Limited is a registered Ghanaian company that manufactures and supplies detergents, disinfectants, and degreasers, as well as other petrochemicals. We have established ourselves as experts in providing innovative products to solve our customers' unique chemical and cleaning problems over the last 40 years.

We aspire to be the best provider of home and industrial products and services in Ghana and beyond by making our products the first choice in all industries ranging from health to hospitality.

We believe that the sales process is not complete until the final user of our products is satisfied, so we pour our hearts into what we do and go the extra mile to achieve excellence.

We work hard to stay ahead of the curve by constantly refining our processes for ourselves and our clients.

WHAT WE DO

We manufacture a wide range of products at our factory in Tema, including:

- Liquid Detergents (Handwash soap, DishWashing Liquids, Hair shampoo, Showergel etc)
- Disinfectants (ranging from preoperational antiseptic disinfectants to general purpose disinfectants)
- Degreasers (special chemicals which remove oil, grease, grime and fat deposits)

We also provide specialty chemicals such as Calcium Hypochlorite, Soda Ash, Ethanol, Toluene, PVP Iodine, Tar Remover, Water Treatment Chemicals, Cooling Tower Chemicals, Demineralization Chemicals, Fire-fighting Chemicals, and Power Generation Chemicals.

WHY CHOOSE US?

We are unique in our market as we own the entire supply chain, from manufacturing to distribution to after-sales service and support. This means that we offer the best market value without compromising on quality or service.

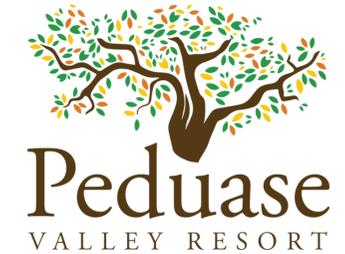

Our products are manufactured to the highest industry standards. We don't take quality for granted because we value our clients. We believe there is a solution for every cleaning problem and thus welcome the challenge of solving even the most unusual problems.

We strive to offer the highest level of service to our clients. We pay attention to feedback, anticipate their needs via market forecast, and take great pleasure in consistently carrying out research and development to improve our offerings.

Belshaw listens to your specific needs and can tailor products to meet, if not exceed, your expectations.

Contact us today to begin enjoying the Belshaw experience.

OUR CLIENTS

OUR PRODUCTS | Detergents

BELPROS SUPERDETERGENT

A blend of fully biodegradable non-ionic and ionic surfactants. Active agents are blended to give excellent performance over a wide range of dilutions. It is bacteriostatically formulated.

Belpros is a high active (high quality) general purpose detergent which lathers efficiently.

No fading effect when used in washing cars and laundry. Effective on all fabrics and particularly gentle on wool.

Available in 5L, 20L and 200L packaging

BACTERICIDAL DETERGENT

Food-grade antibacterial detergent. Effectively combats a wide range of bacteria, fungi and protozoans.

Suitable for restaurants, hotels, schools and food processing companies.

Available in 5L, 20L and 200L packaging

ELITE ANTIBACTERIAL HANDWASH

Elite Antibacterial Handwash is formulated specifically for cleaning and fighting germs on the hands. It contains emollients, which soothe and refresh the skin after use.

Available in 5L, 20L and 200L packaging

ELITE SHAMPOO

Highly effective and high foaming anti-dandruff hair shampoo. Cleans and brings out the natural beauty of hair without breaking it.

Available in 5L, 20L and 200L packaging

OUR PRODUCTS | Detergents

SHEABUTTER SHAMPOO

Sheabutter-based anti-dandruff hair shampoo with a high foaming action. The product effectively moisturizes and softens hair, stimulates hair growth, and soothes dry and itchy scalps. Suitable for natural and other types of hair.

Sheabutter Hair Conditioner is available as well.

Available in 5L, 20L and 200L packaging

FRUIT AND VEGETABLE WASH

An excellent iodine-based formulation for effectively cleaning and removing germs from fruits and vegetables.

It also helps to restore the firmness of softened leafy vegetables.

Available in 250mL, 5L and 20L packaging

ELITE WASHING UP LIQUID

An extremely effective dishwashing detergent. Suitable for dishwashing machines. Leaves crockery, cutlery and glass wares clean and streak-free.

Ideal for use in households, hotels, schools, restaurants, clinics and hospital kitchens.

Available in 450ml, 5L and 20L packaging

ELITE SHOWERGEL

Elite Showergel is formulated with an exotic blend of mint extracts with an exotically inspired fragrance that will leave you feeling extremely refreshed.

Produces soothing aromatherapeutic effect. Contains excellent emollients to soothe and relax your skin.

Available in 500ml, 5L, 20L and 200L packaging

OUR PRODUCTS | Disinfectants

EXCEL MULTISURFACE DISINFECTANT

Excel Multisurface Disinfectant is a 3-in-1 product formulated to effectively clean, disinfect and deodorise. It cleans and shines surfaces without any dull residue. Contains antimicrobial agents that kills germs, virus and bacteria on hard, non-porous surfaces. Great for cleaning floors, tiles, stainless steel, door handles, machines and more.

Available in 5L, 20L and 200L packaging

BEVLON ANTISEPTIC DISINFECTANT

A Hospital grade skin antiseptic based on Cetrimide & Chlorhexedine Gluconate. Designed for pre-operative and post-operative skin antiseptis. Combines powerful residual activity bactericide with safe action.

Useful for treating cuts, burns, wounds and grazes.

Available in 5L, 20L and 200L packaging

KILLGERM ANTISEPTIC DISINFECTANT

Antiseptic disinfectant for a wide range of use. Useful for treating cuts, burns, wounds and grazes.

Suitable for bathing, midwifery etc.

Available in 5L, 20L and 200L packaging

ALCOHOL HAND SANITIZER

Belshaw Alcohol Hand Sanitizer is uniquely formulated to effectively fight bacteria, fungi, viruses and protozoans.

It also contains hand conditioners that leave hands feeling fresh and revitalised.

Product is available as liquid or gel.

Available in 250mL, 5L, 20L and 200L packaging

OUR PRODUCTS | Disinfectants

ELITE BLEACH

An all-purpose sodium hypochlorite solution for a variety of domestic, catering, industrial and hospital uses.

It serves as a liquid bleach for fabrics, especially white fabrics.

It can also be used for disinfection.

Available in 5L, 20L and 200L packaging

BELSHAW WHITE DISINFECTANT

Strong disinfectant for combatting very foul odours in drains, sewers and areas where microbial activity and contamination are very high.

Available in 5L, 20L and 200L packaging

ELITE METHYLATED SPIRIT

For treating cuts, sores, minor wounds and abrasions. It is also used as an astringent.

Product is available in either 70% or 99% concentrations.

Available in 5L, 20L and 200L packaging

OUR PRODUCTS | Degreasers

KNITEX

Knitex is a powerful cleaner for stains and the removal of layers of residue.

Knitex makes it easier to remove stains from tiles, terrazzo, sinks, swimming pools, wcs, and urinary bowls.

Extremely effective at removing scum and limescale.

Available in 5L, 20L and 200L packaging

149 DEGREASER

Food-grade cleaner for removing oils and grime from surfaces and floors of food processing areas.

The product has been formulated to effectively break down proteins in food processing plants, particularly fish processing plants.

Available in 5L, 20L and 200L packaging

DEGREASING COMPOUND

This product is specially formulated from a blend of highly-refined hydrocarbons, unique emulsifiers and powerful surface acting agents to remove heavy deposits of grease and oil on equipment, heavy duty trucks and machines.

Suitable for mining and oil companies and heavy mechanical workshops.

Available in 5L, 20L and 200L packaging

EXCEL GLASS CLEANER

Excellent formulated to make glasses and windows shine and sparkle. Tough on dirt and grease.

Available in 750ml packaging

OUR PRODUCTS | Degreasers

ZOK 27

ZOK 27 is a water-based, biodegradable, cleaner and corrosion inhibitor. It possesses the unique ability to start a washed and protected equipment or engine on demand, without needing to rinse before use. It restores corrosion inhibition effectiveness with a simple wash (with no demineralized water rinse).

Benefits of using this product include:

- 1) A reduction in unplanned downtime
- 2) A reduction in exhaust gas temperature
- 3) An increase in fuel efficiency
- 4) A reduction in harmful emissions
- 5) An increase in the overall lifespan of engine components.

Available in 25L packaging

RIGWASH

Rigwash is a water-based blend of surfactants and penetrants formulated for cleaning of all types of surfaces that are not affected by water. It is an excellent oil emulsifying cleaner with strengths varying with the degree of dilution with water. It is suitable for cleaning and decontaminating platform decks, rig floor barges, ships, tanks and for all engine room maintenance.

Available in 25L packaging
